KEY MESSAGES FOR HEALTHCARE
PROVIDERS
CONNECTMYHEALTH

WINDSOR-ESSEX ONTARIO HEALTH TEAM

The Windsor-Essex Ontario Health Team is supported by funding from the Government of Ontario.

Key messages for healthcare providers

About the platform ConnectMyHealth is a digital platform that provides patients the ability to view their health records from participating hospitals in Southwestern Ontario.

It is a complementary tool to in-person or virtual healthcare provider visits that patients can leverage to access their health records, understand their health care, and improve their patient experience.

ConnectMyHealth is different than other patient portals because it combines various types of health records created at Southwestern Ontario hospitals into one, consolidated view.

Included data By July 2023, our three hospitals in Windsor-Essex – Erie Shores HealthCare, Hôtel-Dieu Grace Healthcare, and Windsor Regional Hospital – will be live on CMH.

Additional data sources, like community-based laboratories and radiology clinics, are expected to be added in the near future.

Viewing data Patients are able to use ConnectMyHealth to view many types of reports/results once they are made Final/Completed/Amended by the contributing facilities.

What a patient sees in ConnectMyHealth is the same report they could obtain from the facility’s Health Records or Release of Information departments.

More information More information can be found in the **WEOHT ConnectMyHealth Communications Package**.

Patients can access more information by visiting the CMH website: <https://info.connectmyhealth.ca/home>.
