

Ontario Corporate Training Centre

Disability Inclusive Hiring

Transforming Workplaces Through Disability Inclusive Hiring

The Ontario Corporate Training Centre (OCTC) is an initiative designed to empower business with the tools, knowledge, resources, and confidence needed to embrace disability inclusive hiring, and foster diverse workplaces. This project will improve workplace inclusion across Ontario.

Collaboration for Impact

OCTC is not just a project; it is a **collaboration**. We will bring together businesses and Employment Service Providers (ESPs) to educate, create lasting connections and increase job opportunities for people who have a disability. We provide sector-specific support, training, and resources to ensure inclusive hiring strategies are successful and sustainable in your community.

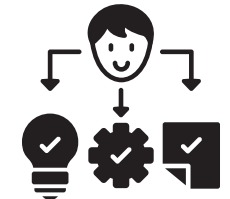

Work with businesses who are ready for organizational change.

Prepare businesses to welcome employees who have a disability.

Build relationships between businesses and ESPs to fulfill employment opportunities.

Continue to support businesses with their recruitment, hiring, onboarding and retention practices.

This project is powered by:

Together, we will build a brighter future for Ontario's workforce!

If you have any questions or would like to learn more about the OCTC project, please contact:
